Bricks to be installed in hardscape design at the Powerhouse site in Central Park.

We've got plans!
We've got the power!

Milford's
Art Deco Jewel
will live again.

See the Powerhouse today,
Its past, present and future.

Make a lasting impression on
Milford's landscape!

Become a part of this
important restoration project.

The Plan:

- Restore the building
- Tell the story of a small town's place in early automotive history
- Generate electricity

Celebrate the power
of our past!
